Last evening's Scranton Times contained a sensational article to the effect that a mob stood outside Berge's office awaiting Evangelist Willlams and his deputies. Whatever vent on inside the office was unknown to the people of Avoca, but it is positive that there was no gang outside to nolest them. The citizens in Avoca are not in sympathy with the il'egal traffic, but their lack of interest is evident when they did not know that arrests were made until they read it in the papers next morning.

Pittston, Feb. 13.-The strike among the girls at the Sterling silk mill continues, and the place was closed down tight today. The striking employes held a meeting last night and prepared the following list of grievances, which were placed in the hands of the Central Labor union for adjustment with the officials of the mill: First, objection to weaving silk brought here from Scranton mills, the employes of which are now out on strike; second, we want ten hours to constitute a day's work instead of ten and a half: third, increase of wages by the day and yard; fourth, reinstatement of four discharged employes; fifth, will not teturn to work while non-union employes are kept at work. The girls are determined, and positively refused the request of the president of the Central Labor union that they return to work while the Central union is endeavoring to have the grievances adjusted.

For the past few days Veterinary Surgeon Gelbert, of Scranton, has been examining cattle in this vicinity and has discovered twenty-five cows affected with tuberculosis. Special to the Scrauton Tribune. Montrose, Feb. 13 .- Mis. Leroy H. Griffis is visiting friends in Deposit and at Binghamton.

A thoroughly delightful entertainment was that given at the Methodist church on Monday evening by Mise Julia Cruser, in recitation, assisted by our best musical talent. Miss Cruser rendered her selections in a very taking manner, and she evinced a depth of feeling and dramatic power which made her efforts irresistible and carried her audience by storm. The vocal solos by Miss Chamberlain, Mrs. Wilmot and Mr. Barney: the piano solo by Miss Benedict, ;and the selections of a male quartette composed of Messrs, Barney, Munger, Titsworth and Brewster, and a ladies' quintette composed of Misses Benedict, Palmer, Titsworth, Jeffers and Lake were each of them of a high order and rich in melody. Miss Ella Cakley admirably filled the exacting position of accom-panist, and Prof. Charles Cohar rendered mandolin and banjo rolos with fine effect. A pleasing feature of the programme was the several fine selection or a phonograph. The net procdeds of the evening amounted to
